

## ***Uniform Requirements***

Pro Arté requires all students to adhere to the regulation uniform for each class. In all cases, no jewellery should be worn (other than small stud earrings). Hair should be securely tied back off the face and in a bun for Ballet. Students in the pre-professional programs must also acquire a Pro Arté track suit for community and festival events.

Uniforms are critical in developing a sense of "team" and "community" which is a significant experience in the dance studio. Dance is more than an individual effort, it is the efforts of the whole group; wearing a "uniform" creates unity and promotes a comradery that is tangibly demonstrated in and through the dance performance.

For the convenience of our dance community, uniforms are available for purchase through the Office during regular office hours. Uniform requirements for individual dance disciplines are as follows:
